

## **ASCE Eastern Branch Young Civil Engineer of the Year Award**

The Young Civil Engineer of the Year Award is to recognize the top young civil engineers in the ASCE Eastern Branch. It is presented to a civil engineer who has made outstanding professional contributions to his/her profession, public welfare, and the community at large.

### **Qualifications/Method of Selection:**

The 2024 Awards Committee makes the selection of the recipient based on the following criteria:

- Registered as a Professional Engineer or Engineering Intern
- Work is in the civil engineering or related field
- Must live in the NC Eastern Branch jurisdiction. See <https://www.ascenc.org/easternabout> for more information
- Professional Accomplishments, Memberships, and Awards
- Technical or Non-Technical Papers Authored, Patents, Presentations
- Professional Responsibilities and Service to the Profession
- Community or Civic Service
- **Must be 35 or younger as of December 31, 2023.**

**Complete Nomination Package:** Nominations must include the following items:

- Resume with full professional experience or LinkedIn profile information
- Additional information may be included, such as newspaper clippings, company announcements, or other vital supporting information about candidate.

*The nomination package must be submitted via email attachment (including supporting documentation to Pat Gilmartin at [gilmartinpw@cdmsmith.com](mailto:gilmartinpw@cdmsmith.com)).*

**Deadline:** All completed nomination packages must be received via email by **Friday, February 9<sup>th</sup>, 2024 at 5:00pm** to be considered.
